Dr. J. Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin
U.S.A.

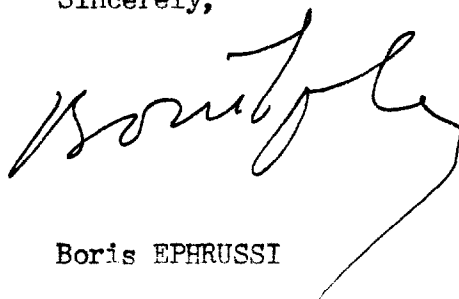

Dear Lederberg,

After receiving your postcard, I have asked Vendrèly, in Strasbourg, to inquire about Boivin's strains C_1 and C_2 . His answer, unfortunately, is negative : nobody seems to have them any more. Same result at the Institut Pasteur, in Paris.

I am sorry not to be able to help you.

With kind regards from both of us to both of you,

Sincerely,

A handwritten signature in dark ink, appearing to read 'Boris Ephrussi', with a long, sweeping underline that extends to the right.

Boris EPHRUSSI
